ONE COPY—ONE CENT.

THE BACHELOR TAX
I loved a girl that Time shall never
From my fond memory blot her;
But should I pay out cash because
The other fellow got her?
—New York Times.
He's got the man, you've got the cash,
Kick all you like, dod rat it!
They're going to make you pay the tax
Because he hasn't got it.
—Cleveland News.
Of all the thing the Lord detests
The worst one is a quitter.
It's up to you to pay the tax
Because you let him get her.
—Springfield Union.
If you love the girl you didn't get,
And feel you hit a twister,
Don't pay the tax but go and ask
And try to grab her sister.
—Charleston Gazette.
The girl you thought you ought to had
—Though quite a little fairy—
Is the very one it makes you glad
To think you didn't marry.
Maysville—Public Ledger.

NO NEED OF A VETERINARY

"We run a Livery, Feed and Sale Stable, have a city transfer and handle hard and soft coal and consequently we need a good many horses," say Bedell Bros. of Mount Carmel, Ill. "We have used Sloan's Liniment and Veterinary Remedies for years and find that they give perfect satisfaction. As long as Sloan's remedies are in our barn we do not need a veterinary surgeon. We are never without them and conscientiously recommend them to all horsemen."

Colby Bros. of the Mineral City Livery, Fort Dodge, Ia., write: "I have used Sloan's Colic Cure, Liniment and Fever and Distemper Remedy for the past ten years, and since I have been using them, I have never had a veterinary in my barn, and have not lost a horse from either colic or distemper, and will say that any man with a horse or horses who keeps Sloan's Liniment and Veterinary Remedies in his barn will never have occasion to call a veterinary."

George Vernon Gibson, infant son of George B. and Myrtle Gibson (nee Staten) died Thursday at Cincinnati. Funeral at Dover, Ky., yesterday.

The play, "Lena Rivers," which was last night's bill at the Washington Theater, had the usual half a house full. The matinee was well attended. This comedy-drama is a sweet little story of love and hate, lights and shadows, and was prettily rendered last night by a very creditable company. The orchestra, too, was better than usual and was an enjoyable feature of the evening.

John L. Bushnell of Springfield, O., son of ex-Governor Bushnell of Ohio, and President of the Springfield Horse Show, together with a distinguished party of gentlemen, was here yesterday and spent the day with L. T. Anderson at Point-a-View Stock Farm. Mr. Bushnell has heretofore gone to New York for his horses, but the reputation of Mason county as a producer of high-class steppers turned his head hitherward, and on the occasion of his first visit selected two of Mr. Anderson's well-bred and classic horses for his stables at Springfield.

Mr. Shepard was a resident of Ironton, but was employed at Lebanon. The remains will be brought here for interment.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

NEWBRO'S HERPICIDE

The original remedy that "kills the dandruff germ"—An exquisite hair dressing.

THE LADIES OBJECT to a gummy and sticky hair dressing or one that is full of sedimentary chemicals intended to dye the hair. The marked preference for a clean and dainty preparation, particularly one that overcomes excessive oiliness and leaves the hair light and fluffy, is reflected in the enormous sale of Newbro's Herpicide. Discriminating ladies become enthusiastic over its refreshing quality and exquisite fragrance.

A WOMAN TO BE PRETTY must have pretty hair. The features may be quite plain or even homely, yet if the head is crowned with an abundance of beautiful hair, attractiveness will not be lacking. The poet says: "Fair tresses man's imperial race ensnare." Herpicide gives the hair a charming distinctiveness that is characteristic of no other hair dressing.

DISEASED HAIR A MI FORTUNE. Unhappily or diseased hair is a misfortune in more ways than one. There is the actual injury to the hair follicles and the consequent loss or thinning of the hair. This may cause diseases that sometimes follow a removal or thinning of nature's protection to the head. A diseased condition of the hair affects woman's disposition to a marked degree. If the hair is dull, brittle and lifeless, owing to the presence of a microbe growth, the effect is to dampen one's spirits and cause a loss of interest in personal appearance. The use of Newbro's Herpicide overcomes the ravages of the dandruff microbe, after which the natural beauty and abundance of the hair will return as nature intended. Almost marvelous results follow the use of Herpicide. Gentlemen will find Newbro's Herpicide in use at all important barber shops.

STOPS ITCHING OF THE SCALP ALMOST INSTANTLY.
"Regarding the merits of Newbro's Herpicide, an article that your Agent left a trial bottle with me to test, I have prescribed it in several instances and have had favorable reports therefrom in each case."

Judge Hunt at Cincinnati decided that 15-445 acres of land, embracing almost the entire county of Martin, in Kentucky, and containing mines, minerals and the town of Warfield, rightfully belonged to Charles E. Breigel and his mother, Catherine M. Breigel. The title to the property was vested in their names.

A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbagoes, backache, pains in the kidneys or neuralgia, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home, as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. SUMMERS, Box 8, South Bend, Ind.

**Bilious People
Try It Free**

Do not ignore the "little disorders" of the system. The liver, for example, is a particularly needful little organ, but must be active to be of any use. When it is active it creates gastric juices that help to make digestion perfect, and then you are well. When it is not active it becomes what is known as "torpid," and promptly produces biliousness.

There is no better cure for biliousness or any of the symptoms of liver trouble than Dr. Caldwell's Syrup Pepsin, the wonderful laxative tonic of which so much praise is heard. It is pleasant to take (unlike pills and powders and such things) and acts very gently, moving the bowels without griping, toning the stomach and arousing the liver to activity, thus scientifically curing such conditions as biliousness, torpid liver, foul breath, sallow or pimply complexion, sick headache, constipation, loss of appetite, indigestion, stomach nervousness, etc., all of which are due to a slow liver.

Mack Clark, of Burlington, Ky., suffered for five years from biliousness and cured himself with Dr. Caldwell's Syrup Pepsin. Noah B. Hatfield, of Zalma, Mo., found it the best medicine in the world for his biliousness.

You can buy a 50-cent or \$1 bottle of any druggist, for they all sell it. You can buy it with the understanding that if it fails to cure you the money will be refunded. This remedy is guaranteed. However, if you would rather try it without expense before buying, send your name to the doctor and a free sample bottle will be sent to your home. Use it and if you find the remedy helps you, buy a regular bottle of your druggist. We will rest on the verdict of what this sample does.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There's no charge for this service. The address is Dr. W. B. Caldwell, 507 Caldwell bldg., Monticello, Ill.

COURT'S DECISION

Opinion in Suit of C. and O. vs. Maysville Brick Company

In reversing the suit of the C. and O. Railway Company vs. the Maysville Brick Company, the following opinion by William Rogers Clay, Commissioner, was handed down in the Court of Appeals—

First—Pleading—Contract As to Freight Rate.—This action involving a rate which appellant charged, its plea in its answer that the alleged rate was contrary to the Interstate Commerce Law could not avail for the reason that the shipment was wholly within this State.

Second—Same—Preferential Rate—Statute Regulating Rates—Public Policy.—But by the second paragraph of its answer, appellant pleaded that the rate relied on by the appellee was made with its agent, who acted under a mistake, and that it was in violation of Section 214 of the Constitution and Section 817, Kentucky Statutes. The contract for it was void, and it did not matter whether the shipper knew or not that he was getting a preferential rate. It was error to sustain a demurrer to this plea.

Messrs. Worthington, Cochran & Browning were the Attorneys for the appellant and Thomas D. Slattery for appellee.

Are You in the Market for Your Spring Outfit?

You may not think of it, but it does make a difference to you who makes the clothes you wear, especially if the maker is willing to tell you what he makes them of and how. That's one thing we like about the Hart, Schaffner & Marx and Ederheimer, Stein & Co. clothes. (Both these lines confined to us.) They are made of strictly all-wool fabrics, and the makers seem to want everybody to know it. They advertise the fact extensively. It's the most important fact about the clothes. There are plenty of good-looking clothes for sale that are not all-wool; the makers don't claim they are. They don't say much about it. We like to sell clothes that our customers can be positive about, goods that you don't have to take anybody's word for, clothes you know are good. They are easy to sell and a satisfaction to everybody.
